

SNOWMAN ORNAMENTS

A SIMPLE BUT SUPER-CUTE ORNAMENT TO MAKE FOR YOUR CHRISTMAS TREE!

What you need

- Battery-operated tea lights
- Black Sharpie
- Orange Sharpie
- Red ribbon
- Red pipe cleaners
- Red pom-poms
- Black felt
- Glue gun

METHOD

1. Draw the face: Use a black Sharpie to add a face to the tea light, positioning the “flame” upward for the carrot nose. Colour the flame orange for a more realistic look.
2. Make the scarf: Cut an 11cm ribbon, cross it, glue it together, and attach it to the tea light.
3. Add a hanging loop: To make it into an ornament, use a thinner ribbon to create a loop, and glue it to the top of the tea light.
4. Option 1 – Add ear muffs: Curve a 6cm red pipe cleaner around the tea light and glue the ends. Glue on the pom-poms for ear muffs.
   Option 2 – Create a top hat: Use black felt and ribbon to make a hat.
5. Final touch: Turn the tea lights on to light up your Christmas snowman!
